

I have had many massage sessions in the last ten years. I have a massage every two weeks at home in Indiana from two different massage therapists. Mary Ann is so superior in her knowledge of the human body and her massage is of so much benefit to me. I'd like to pack her in my car and take her home with me! She has magic hands.

Professional, experienced staff; effort made to accommodate client schedule; location and most of all-----excellent results.

Mary Ann asks about any problem areas and then listens to the response and asks questions for clarification. She is extremely adept at finding those trouble spots and working them out! Setting appointments is super easy and I like the verification email and the reminder. Very professional, very simple.

I loved that you received a full hour's worth of massage! I loved that Mary Ann listened to my concerns & what I hoped to accomplish!!! It was what I call a total body massage with concentration on the parts that needed extra work!!!

Mary was able to help me with an injury I've had since January!!!!

Professional, clean, personable. This was my first massage at Massage Therapy Connections but not my first massage and it was awesome! Mary Ann listened to my concerns and gave an excellent massage. I will definitely go back for more massages and will recommend MTC to my friends and family. Thank you.
